## Greetings

From the President Pastor Kim

Welcome to GST (Galilee School of Theology) Language Center! GST Language Center provides high quality instruction in intensive ESL (English as a Second Language) to non-native speakers who wish to improve their English proficiency in order to attend an American college or university, or who wish to develop sufficient English skills to be ready to serve the world as competent leaders. To achieve this, we utilize a cultural nuanced approach while teaching listening, speaking, writing, and reading in a holistic environment. Our purpose is to help international students assimilate into the American culture while building their linguistic confidence in a gradual and methodic manner. We believe it is our responsibility to foster a positive cultural experience for all students while making them more competitive in multi-cultural fields.

## GST (Galilee School of Theology) Language Center Teaching Method

GST LC uses a combination of methods, one of which is Communicative Method (Stephen Krashen). This method focuses on acquisition and communication, it makes use of real-life situations that necessitate communication, much is relied on repetition and drills. It focuses on students' motivation to learn from their desire to communicate in meaningful ways about meaningful topics.

The other one is the Audio-Lingual method which focuses on speaking and listening: students are taught the target language directly, without using the students' native language to explain new words or grammar in the target language. Exposure to American culture is carried out through field trips, making use of audiovisual materials, inviting guest speakers, and Internet Activities.

Our text book series: Focus on Grammar utilizes the key aspects of these methods, and strongly relies on our teachers to provide both controlled and communicative exercises, and provide opportunities for student critical thinking, and practice of grammatical structures

Hermann Ebbinghaus (1850~1909)

GST Language Center의 음성학적 영어 학습법은 교재를 크게 소리내어 읽는 방법으로 학생이 자신의 말로 직접 귀와 입을 훈련하면서 언어를 습득할 수 있는 방법입니다. 더욱이 GST Language Center에서는 이 방법에 Ebbinghaus의 기억력 주기 학습법을 접목하여, 학생이 이전 수업에 배운 내용을 완전히 잊기전에 또다시 반복과 복습을 통해 최단기의 영구적인 영어습득이 가능하도록 하는 프로그램으로 이루어져 있습니다.
